

STUDENT DISCIPLINE

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students.

The comprehensive written code of conduct of the district is composed of this policy and includes, but is not limited to, the following policies, procedures and regulations: JG-R1, JGA, JGB, JGD, JGE and JGF. A copy of the district's comprehensive written code of conduct will be distributed to every student and the parents/guardians of every student at the beginning of each school year and will be available in the superintendent's office during normal business hours.

Application

These policies, regulations and procedures will apply to all students in attendance in district instructional and support programs as well as at school-sponsored activities. Off-campus misconduct that adversely affects the educational climate will also be subject to these policies, regulations and procedures. Students who have been charged, convicted or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

No student may be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel. For the purpose of this policy, a student is unattended if no person has visual contact with the student, and a locked space is a space that the student cannot reasonably exit without assistance.

Enforcement

Building principals are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision. All such regulations and procedures shall be consistent with Board-adopted discipline policies.

Teachers have the authority and responsibility to make and enforce necessary rules for internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. All district staff are required
